

ONAWA LIBRARY ADVOCATES FOUNDATION

The Onawa Library Advocates Foundation has a 501c (3) designation so all contributions and donations are tax deductible

The Onawa Library Advocates foundation exists to support and promote our local library with projects they would not be able to complete on their own. We provide matching funds for approved grants and also support projects that are proposed by the Library Director and/or Board of Trustees that match our foundation's mission.

In the past we have provided support for the following projects:

Digitization of the newspapers for uploading to the library website to make nationwide access

Matching funds for RAGBRAI grant for plate glass to be added to the upstairs windows for energy conservation and sound deadening

Completion of the Memory Plaza

We would love for you to become a part of our Foundation.
